

Oh Lord

MiC LOWRY

Turn the lights out for me

Hard to hear hard to see

Oh lord

Not afraid of the trip

In a pool filled of sin

Oh lord

Oh lord

She said

Don't u run from me while i take it off

Take it off Take it off

Tell me your name while i break u off

Break u off

While i break u off

Don't u run from me while i take it off

Take it off Take it off

Tell me your name while i break u off

There's just way to many temptations

Oh lord

I can feel it coming in the air tonight

Oh Lord

When the rhythm hits

I'm not afraid to die

There's just way to many temptations

Oh lord

There's just way to many temptation

Oh lord Oh Lord Oh lord

There's just way to many temptation

Feel my pulse as i breathe at 100 and 3

Oh lord Oh lord

I'm not afraid of the trip

In a pool filled with sin

She said

Don't u run from me while i take it off

Take it off Take it off

Tell me your name while i break u off

There's just way too many temptation

Oh lord

I can feel it coming in the air tonight (feel it coming, feel it coming)

When the rhythm hit

I'm not afraid to die (feel it coming)
There's just way to many temptations
Oh lord
Oh lord
Oh lord
Theres just way to many temptations
Oh lord
don't you run from me
No no no no
Don't you run from me
There's just way too many temptation
Oh lord
I can feel it coming in the air tonight (feel it coming, feel it coming)
When the rhythm hit
I'm not afraid to die (feel it coming)
There's just way to many temptations
Oh lord
Oh lord
Oh lord
There's just way to many temptations
Oh lord
Oh Lord
Oh Lord
there's just way to many temptation
Oh lord
