

Hey Girl

Delays

Hey girl
Where in the world
Did you come from
Hey girl where in the world
Do you belong
(I said)
Hey girl watching you
Walk is like a dream
Hey girl you got a nerve and
You sure got
MeAs I wanted, singing lost and found
Like a fever running,
We could clear this
Town(I said) Hey girl where in the world
Did you come from
Hey girl nobody knows where
You belongSo why don't you tell me
You're hanging above me
There's room
Everywhere
And I can't walk on airHey girl(I said) Hey girl where in the
World
Did you come from
Hey girl never return cause you belongI said Hey
Girl...
