Outside

Aqualung

He wants to give but he?ll give himself away
She wants to take but she?s taking all she can
They?ve got it all figured out
He wants to listen but there?s so much more to say
She wants to shout it out loud but she doesn?t
She doesn?t open her mouth
Had enough of crying
When she?s happy and smiling when she said
Had enough of wondering
What became of all the dreams he had
Oh, there out there somewhere
Baby, don?t you say there on the inside
Together we can make it on the outside
You and me on the outside
Can you remember the way it used to feel
Run as fast and as far as we wanted to go
Then the walls closed in
And I was one step forward and two steps back
Two steps forward and three steps back
Oh, it?s all too much, so take my hand we?ll jump together
Baby, I won?t leave you on the inside
Together we can make it on the outside
You and me on the outside
You and me on the outside, on the outside
Shine your light on me and I?ll shine my light on you
Shine my light on you if you shine your light on me
Shine your light on me and I?ll shine my light on you
On the outside, on the outside, on the outside
Oh, baby, I won?t leave you on the inside
Together we can make it on the outside
You and me on the outside
You and me on the out, yeah, you and me on the outside
