# Too Young To Love

## The Big Pink

Once, now and then and never again
Once, now and then and never again
All night we turn and turn
It makes sense to turn again
All night we turn and turn
Innocence, too young to love
AloneOnce, now and then and never again [x4]
BreakOnce, now and then and never again
Once, now and then and never againAll night we turn and turn
It makes sense to turn again
All night we turn and turn
Innocence, too young to love
AloneAlone alone alone
And you're too young to love
And you're too young to loveOnce, now and then and never again
Once, now and then and never againAll night we turn and turn
It makes sense to turn again
All night we turn and turn
In a sense too young to love
Alone
