

SWLABR

Cream

Comin' to me in the mornin', leavin' me at night

Comin' to me in the mornin', leavin' me alone

You've got that rainbow feel, but the rainbow has a beard
Runnin' to me a cryin', when he throws you out

Runnin' to me a cryin', on your own again

You've got that pure feel, such good responses

But the picture has a mustache
You comin' to me with that soulful look on your face

Comin', lookin' like you've never ever done one wrong thing
You're comin' to me with that soulful look on
your face

You're comin', lookin' like you've never ever done one wrong thing
So many fantastic colors, I feel in a
wonderland

Many fantastic colors makes me feel so good

You've got that pure feel, such good responses

Got that rainbow feel but the rainbow has a beard
