

Still Got This Thing

Alannah Myles

Oh yeah yeah yeah
Why is it so hard to say what's on my mind?
An' why am I so proud?
Still got this thing for you I know you understand, but you still need a sign
Real love should shout out loud
Still got this thing for you Hey baby, can I carry your flame?
I wanna take you somewhere untamed
Don't you know you're driving me insane?
Still got this thing for you When you walk that way, I can feel the heat
Just below the surface
I'd do anything for you, aha yeah When you're out all alone, I hear things from the streets
And I get kinda nervous
Still got this thing for you, oh yeah Hey baby, can I carry your flame?
I wanna take you somewhere untamed
Don't you know you're driving me insane?
Still got this thing for you Let me see you smile, come on look me in the eye
Too many times I let the chances go by
Pull down the shade, turn out the light
Help me make up for all those nights tonight Will I know it's true
Still got this thing for you
Will I know it's true
Still got this thing for you Hey baby, can I carry your flame?
I wanna take you somewhere untamed
Don't you know you're driving me insane?
If we can't connect, oh that would be a shame Well hey baby, can I carry your flame?
I wanna take you somewhere untamed
Don't you know you're driving me insane?
Still got this thing for you (Still got this thing for you, still got this thing for you)
Still got this thing for you, I do
(Still got this thing for you, still got this thing for you)
You know, you know I do, knock knock (Still got this thing for you, still got this thing for you)
I get a thrill and I still got this thing for you
(Still got this thing for you, still got this thing for you)
Ooh hoo (Still got this thing for you, still got this thing for you)
Still got this thing for you
(Still got this thing for you, still got this thing for you)
You know I do, still got this thing for you
(Still got this thing for you, still got this thing for you)
