

Famous

The Magnetic Fields

I know you've tried
I know you've cried
I know you've died
A little inside but Baby, you could be famous
You could see your marble face all around
Baby, you could be famous
If you could just get out of this town Just get out of this town now
Baby, you could be famous
You could sell the world a new look and sound
Baby, you could be famous
If you could just get out of this town Just get out of this town now
You sold your soul to rock n' roll
Gave up control but here's your loophole Baby, you could be famous
You could see your marble face all around
Baby, you could be famous
If you could just get out of this town Just get out of this town now
Baby, you could be famous
You could sell the world a new look and sound
Baby, you could be famous
If you could just get out of this town Just get out of this town now
You sold your soul to rock n' roll
Gave up control but here's your loophole You are the queen of every scene
You are the king of everything Baby, you could be famous
You could see your marble face all around
Baby, you could be famous
If you could just get out of this town Just get out of this town now
Baby, you could be famous
You could sell the world a new look and sound
Baby, you could be famous
If you could just get out of this town Just get out of this town now
You sold your soul to rock n' roll
Gave up control but here's your loophole
