Between the Lines

Sarah Kelly

Give me one reason to trust you
Give me one reason to try
Even beauty gets broken,
Sometimes, sometimesNo regrets, no mistakes
Take another look between the lines
Where color fades from grayDon't look back, don't be afraid
Cause every little thing between the lines
Got us here todayNow that it's all in the open
Now that it's all on the line
Show me your strength in your weakness
And I will show you mineWith no regrets, no mistakes
Take another look between the lines
Where color fades from grayDon't look back, don't be afraid
It's every little thing between the lines
That got us here todayI know you never really meant to hurt me
I know you never meant to make me cry
Sorry that I can't be strongerNo regrets, no mistakes
Take another look between these lines
Where color fades from grayDon't look back, don't be afraid
Take another look between the lines
Got us here todayNo regrets, no mistakes
Take another look between the lines
Where color fades from grayDon't look back, don't be afraid
Cause every little thing between the lines
Got us here today
