

# Grow Young With You (ft. Coley McCabe)

Andy Griggs

The cool grass of the river bank  
We were lying there, we were soaking wet  
Feeling things we'd never felt  
We were jumping in deep as we could get  
That night, that night  
The moon so bright  
Your touch, your kiss  
Let's keep it lie this I want to grow young with you baby  
And cheat ol' father time  
I want to grow young with you baby  
Make sure that sun keeps shinin'  
On those crazy barefoot love-sick kids  
With fearless hearts and souls  
I want to grow young with you baby  
Too young to ever grow old I'm not afraid to let the years roll past  
'cause every day with you i feel more alive  
It's a state of heart and state of mind  
At this rate we may never die  
I think this works  
Let's drive in reverse  
Back to those days  
Those sweet summer days I want to grow young with you baby  
And cheat ol' father time  
I want to grow young with you baby  
Make sure that sun keeps shinin'  
On those crazy barefoot love-sick kids  
With fearless hearts and souls  
I want to grow young with you baby  
Too young to ever grow old No fear, no rules  
We'll be love's fools  
Just like we were that night  
The moon so bright  
We took the chance  
We danced the dance  
Your touch, your kiss  
Let's keep it like this I want to grow young with you baby  
And cheat ol' father time  
I want to grow young with you baby  
Make sure that sun keeps shinin'

On those crazy barefoot love-sick kids  
With fearless hearts and souls  
I want to grow young with you baby  
Too young to ever grow old I want to grow young with you baby  
Come on and run with me baby  
I want to grow young with you baby  
Too young to ever grow old
