# Pretend

## Cheri Dennis

Yeah, feel what you like
I can't pretend I don't want you, no
Ooh, 'cause you be down for yo woman, yeah
Until the end I write for ya
But cha neva hear, I'm always alone
All the few years, babie, I need more time on us
You be trappin', grindin' for us and I know this
But I be missin' you so very much but don't show it
I don't show it, I, I don't show it
But I really wanna hold you in mi arms
But you always seem so far 'n' you always on yo grind
Don't wanna stress you more than you already are
Sumtimez we kick it, checkin' your phone
I almost feel like we ain't alone
Not tryna start an argument but I had to say it
I'm just tryna sit and make it betta
I can't pretend I don't want you, no
Ooh, 'cause you be down for yo woman, yeah
Until the end I write for ya
But cha neva hear, I'm always alone
All the few years, babie, I need more time on us
You be trappin', grindin' for us and I know this
But I be missin' you so very much but don't show it
Hu, you told me, hu hu, you told me
Once you gotcha money rite then we would chill
I prayed at all our wills 'cause we got 6 bedrooms
I'm reminiscing, babie, you kno something gotta give
To be specific, words are strong
Broken promises, takin' a toll
Without da money I'll do fine
But with you I can't deny, boy, can you just come 'n' make it rite?
I can't pretend I don't want you, no
Ooh, 'cause you be down for yo woman, yeah
Until the end I write for ya
But cha neva hear, I'm always alone
All the few years, babie, I need more time on us
You be trappin', grindin' for us and I know this
But I be missin' you so very much but don't show it
Beat playz

(I can't pretend)
I can't pretend I don't want you, no
Ooh, 'cause you be down for yo woman, yeah
Until the end I write for ya
But cha neva hear, I'm always alone
All the few years, babie, I need more time on us
You be trappin', grindin' for us and I know this
But I be missin' you so very much but don't show it
Hey, more time on us, oh babie
I be missin' you
