

# 5 Elements

## Nightcore

Here I am creating love tonight  
Here I am the quintessence of life  
I'm the air, the breath of life (X3)  
I'm the fire that blazes deep inside  
I'm the water that makes u wet

I'm the earth that catches every step  
Here I am creating love tonight here I am the quintessence of life (X2)  
The air, the fire, the water, the earth, the quintessence, the five elements.  
Here I am creating love tonight  
Here I am the quintessence of life  
I'm the air, the breath of life  
I'm the fire that blazes deep inside  
I'm the water that makes u wet  
I'm the earth that catches every step
