Houdini Said

Gilbert O'Sullivan

Doctor in love who is above
All others close to you
Is it the Queen? Is it obscene?
Tell me I want you toOh I've often wondered what it is that incites
So many young people to take part in those riots
Whereby all men in blue are the targets to destroyLady be good I wish you would
Meanwhile exclusively
Have I the right to print in spite
Of what your views would be?Concerning those matters of the utmost degree
The point being the question and the question being he
Who laughs first has a thirst to laugh longest, has he?Over there, over where?
Over there, over where?
On the wall, what wall?The one in the hall, oh the hall
I can see, we can see
Could have fooled me, ohSome take the attitude that life is a drag
They say and I quote 'Man it just isn't our bag'
But if that's where it's at, why the hell don't they go?Houdini said to get out of bed
Was the hardest thing he could do
Yet when he's tied strait jacket plied
He's out at the count of twoSeems elementary, my dear Watson, I know
But think what would happen if for instance this show
That we're in should begin not one hour but two lateOver there, over where?
Over there, over where?
On the wall, what wall?The one in the hall, oh the hall
I can see, we can see
Could have fooled me, ohOver there, over where?
Over there, over where?
On the wall, what wall?The one in the hall, oh the hall
I can see, we can see
Could have fooled me, oh
