

# Bloodstone

## Stratovarius

I've been trying, there's no denying  
It's sending me out of my mind  
I've seen reason, change to treason  
It's losing its sense of all kind  
How much longer will it take for the world to see  
We should learn to live and simply let it be?  
Bloodstone, bloodstone  
Bloodstone, bloodstone  
In the night time, I wake in fright  
I'm so scared of the game that's being played  
Start to wonder what's going under  
And how many deals have been made  
How much longer will it take for the world to see  
We should learn to live and simply let it be?  
Bloodstone, bloodstone  
(I can't take it, you got me living on a)  
Bloodstone, bloodstone  
(I don't want that)
