How To Fly

Sticky Fingers

I take the brakes off
And I ride
Whatever takes us
Oh to get high
I chase the devil oh yeah yeah yeah yeah
Into the sky
Cause he's the one who taught me
How to flyI forget my name
Cause all the same
C-c-c-co-c-caine
Oh I forget my name
Oh I forget my na-a-a-me~
Oh cause its all the same
C-c-c-co-c-caine
Oh I forget my nameI take the brakes off.
And ride..
Oh then the day starts
To get highOh I forget my name
Cause its all the same
C-c-c--co-c-caine
I forget my name
Oh I forget my name
Cause its all the same
C-c-c-co-c-caine
I forget my nameSeeI drink the venom to release the pain
Chain smoking
I suffocate
Cause we be rebels
The beast untamed
Sticky fingers
Don't forget the name
Cause its all the same
C-c-c-co-c-caine
I forget my name
I forget my na-a--ame~
Cause its all the same
C-c-c-co-c-caine
oh I forget my name
oh I forget my name
