

Only God Knows (feat. Leith Congregational Choir)

Young Fathers

Only god knows when the beast was feeding
Taking from our mouths when we ain't eating

Only god knows

Only god knows Shedding more blood than we are bleeding
Shedding more blood than we are bleeding

Only god knows when the beast is eating
Taking from our mouths when we ain't eating
Shedding more blood than we are bleeding

Only god knows

Only god knows God knows, things we believe in
God knows it's time for the peace and
God knows the kids in the street with their eyes on the leaders

Only god knows

Only only god knows

Only god knows

Only god knows

Only god knows where your wife is sleeping
Only god knows what the preacher's preaching
Only god knows that the people are cheating

Only god knows, you don't need him

Only god knows

Only god knows

Only god knows

Only god knows

Only god knows

Only god knows

Only only god knows

Only god knows

Only god knows Cheating, begging and stealing
___? what I can afford

Breathing ___?

Reasons to go overboard

Anything I do, anything I do

Anything I do (anything I do)

Anything I do I know the life that I'm leading

I know the lies and the reasons

I know it's going down in this evening

Only God knows? time that I'm leaving Anything I do (Only God knows, only God knows)
