

Lost Boy Dreaming

[JP Cooper](#)

I was out of finding
How to find my own thing
I guess I was on my way
Back then I didn't know it
But you were there to show me
To see those blue skies through the rain, oh
So now, it's time for bed
But I don't mind to do something
Don't you know? I was just a young lost boy dreaming
You inspired a life for meaning
Kept my head under those grey skies, dreaming
Down here I just don't fit in
Momma, I know you got me
Papa, I know you love me
Gave me more than enough
Now, it's time to do something we, oh
Now, I'm writing stories on my heart, just how it should be
How it should be
And I'm still dreaming like the child inside, that's how you raised me
You raised me
Don't you know that? I was just a young lost boy dreaming
You inspired a life for meaning
Kept my head under those grey skies, dreaming
Down here I just don't fit in
Momma, I know you got me
Papa, I know you love me
Gave me more than enough
Now, it's time to do something we, oh Just a young gomer with
Skinny legs, two front teeth and
Some kind of strange believe in
I was here to do something we, oh
So now, it's time to pay you back
I don't mind to do something
Just like a train without a track
Without you, I'm good for nothing
Don't you know? I was just a young lost boy dreaming
You inspired a life for meaning
Kept my head under those grey skies, dreaming
Down here I just don't fit in

Momma, I know you got me
Papa, I know you love me
Gave me more than enough
Now, it's time to do something
I was just a young lost boy dreaming
You inspired a life for meaning
Kept my head under those grey skies, dreaming
Down here I just don't fit in
Momma, I know you got me
Papa, I know you love me
Gave me more than enough
Now, it's time to do something we, oh Just a young gomer with
Skinny legs, two front teeth and
Some kind of strange believe in
I was here to do something we, oh
Now, I gotta do something
