

# Think I'm Gonna Feel Better

## Gene Clark with the Gosdin Brothers

I think I'm gonna feel better when tomorrow comes  
When I see the sun through my window  
I think that everything is going to be all right  
Though I know that you have found another  
I hope you understand that I  
Still love you so bad  
But when tomorrow morning comes  
I hope that you will see the sun shine too  
Come shining through  
I think I'm gonna feel better when tomorrow comes  
When I see the sun  
When I see the sun
