Love Light

LOVE LIGHT, By Dennis Emanuel Brown

Not because you're over there and i'm here
I'm with you
My heart my soul that love light keeps burning on within
And my heart is for you
And my soul is with you
And the love we have goes on and on
so come on let me take you home
Remember when I hold you in my arms you squeeze me tight and said sugar I miss you
By the look in your eyes I realize that your love is from within
And your heart would be for me
And your soul will be with me
And the love we have wil go on and on
well yeah pom pom pa pom pom
pom pom pa pom pom
pom pom pa pom pom
pom pom pa pom pom
