But you make me feel like it's my first trip
So give me back the feeling,
Only you can bring me
Away from all the lights on the floor,
(Ooohheee)
Way above the ceiling,
Cause life's what you make it,
So wanna pass out
We 'bout to spark it up (up) (up)
And if I, take it way too far tonight
Out of control, lost in the light (Breathe)
