

# Game Over

## Red Cafe

Shakedown!

[Hook:] Yeah, shawty I'm fuckin' you tonight

Now you got a real nigga in your life

Yeah, shawty I'm fuckin' you tonight

Now you got a real nigga in your life

Ah! Game over, game over, game over

I've been on you for a minute, now I got your ass

Ah! Game over, let's get it

Yea, game over, game over, game over

I've been on you for a minute, now I got your ass

What else, ah, game over

[Verse 1:] Hey baby yo' ass look awesome

Bust it like that we could make a fortune

Yeah, with my niggas in the club, it be full of bad bitches

That's a bad girls club

I don't know if you a model or a actress

But tonight, I'm goin' Jurassic

In the pussy I'm the dude like Devin,

Real talk, all my girls like girls like Ellen

Talk money like millionaire Meredith

All the pussy I'm killing be hairless

Take it in the butt they fearless

Right on the throne like a nigga in Paris

[Hook:] Yeah, shawty I'm fuckin' you tonight

Now you got a real nigga in your life

Yeah, shawty I'm fuckin' you tonight

Now you got a real nigga in your life

Ah! Game over, game over, game over

I've been on you for a minute, now I got your ass

What else, ah, game over, let's get it

Yea, game over, game over, game over

I've been on you for a minute, now I got your ass

What else, ah, game over

[Verse 2:] Lately the Knicks lookin' healthy

And I'm wondering if 50 share Chelsea

Shakedown: recognize my team

Drink pink, share pink, smoke Heineken Green

They had me thinkin' mo' money, mo' problems

Now I'm thinkin' mo' money, mo' condoms  
Back at it, still no solos, still look like 10 mil in a polo  
I ain't do it like this since prom night  
2 chicks give me top on the turn pike  
I got a question, mami tell me one thing  
What's the real purpose of your tongue ring?  
[Hook:] Yeah, shawty I'm fuckin' you tonight  
Now you got a real nigga in your life  
Yeah, shawty I'm fuckin' you tonight  
Now you got a real nigga in your life  
Ah! Game over, game over, game over  
I've been on you for a minute, now I got your ass  
What else, ah, game over, let's get it  
Yea, game over, game over, game over  
I've been on you for a minute, now I got your ass  
What else, ah, game over  
[Verse 3:] I had a dream 'bout a R&B bitch  
Woke up choppin' down the R&B bitch  
Hardcore nigga, no R&B shit  
SD mafia minus the 3 6  
In my new shit, I look good huh?  
I'm the hottest in the burbs and the hood, huh?  
Now you got a real nigga in your life  
Put your panties in your purse, I'm fuckin' you tonight  
[Hook:] Yeah, shawty I'm fuckin' you tonight  
Now you got a real nigga in your life  
Yeah, shawty I'm fuckin' you tonight  
Now you got a real nigga in your life  
Ah! Game over, game over, game over  
I've been on you for a minute, now I got your ass  
What else, ah, game over, let's get it  
Yea, game over, game over, game over  
I've been on you for a minute, now I got your ass  
What else, ah, game over
