

Jesus Wept

Suicide Commando

living like sinners
we don't even care
loosing religion
we're heathens slowly destroying our own precious world
slowly destroying our mind god, where are you
don't leave me alone
god, where did we go wrong
god, where are you
I don't want to stay
god, please guide me the way killing our children
we don't give a damn
killing our jesus
we're blinded slowly destroying our own precious world
slowly destroying our mind god, where are you
don't leave me alone
god, where did we go wrong
god, where are you
I don't want to stay
god, please guide me the way
