Hurricane

I Am Arrows

Oh, I'm in reverse again
And it's worse than it was before
Now I'm feeling like a hurricane
Hold my feed down to the floorYou say you're in control again
Much like you were before
Now I'm feeling like a satellite
Burning message and sing of allOh, I'm miss your love again
Oh, I'm miss your love again
And if I don't feel your love again
Then I'm over, overSay that, you're hurting now
Just like you were before
When I feel a bit like a hurricane
Hold yourself now and lose me forOh, I'm miss your love again
Oh, I'm miss your love again
And if I don't feel your love again
Then I'm over, overStop, don't bother with words anymore
Now you stopped in the words I'm calling inside of youOh, I'm in reverse again
Much like I was before
And if I don't feel your love again
Then I'm over, overOh, I'm miss your love again
Oh, I'm miss your love again
And if I don't feel your love again
Then I'm over, overOh, I'm miss your love again
Oh, I'm miss your love again
And if I don't feel your love again
Then I'm over, over
