

# Big Truck

Rebecca Frezza

Big truck I'm too small, too small don't compromise  
So have fast, too fast don't realize  
I'm have hand on wheel  
Let set the sights drive with me I'm too fast, too fast don't realize  
So have fast, too fast don't recognize  
I'm have hand on wheel  
Let set the sights drive with me right Moving motion, moving motion  
Moving motion, said move, said move it Drive some, drive some, drive, drive Too small, too small don't  
compromise  
So have fast, too fast don't realize  
I'm have hand on wheel  
Let set the sights drive with me I'm too small, too small don't compromise  
So have fast, too fast don't realize  
I'm have hand on wheel  
Let set the sights drive with me run Moving motion, moving motion  
Moving motion, said move, said move it Big truck, big truck, big truck, big truck  
Big truck, big truck, big truck, big truck Single grave gonna hold  
Single grave, grave gonna hold  
Single grave, grave gonna hold  
No matter hold my body, hold my body Big truck, big truck, big truck, big truck  
Big truck, big truck, big truck Moving motion, moving motion  
Moving motion said move, said move it Big truck, big truck, big truck, big truck  
Big truck, big truck, big truck, big truck
