Constitutional Masturbation

Job for a Cowboy

Taken by the benumbed hands of an overthrowing fabricated God
Sadism is fashioned to derive pleasurable
And gratifying entertainment among indoctrinated soldiers
Sexually abusive torture is diminished to mere wretched amusementOrdered to fragment the sanity of the prisoners
Of an artificial war against a country of dystopia
The blameless are left in complete shackled isolation
Left to linger and ultimately wither and rotFraudulent peacemakers withdraw any sense of morality
To plant the seeds of their own sadistic conceptions
This fabricated God reduces man to nothing more than a pile of wasteWith his power he banishes his followers
And sentences them to his own personal sins
He masturbates on the scriptures
That hold his kingdom together as one and lays it to shame
Taken by the benumbed hands of an overthrowing fabricated GodSadism is fashioned to derive pleasurable
And gratifying entertainment among indoctrinated soldiers
Sexually abusive torture is diminished to mere wretched amusement
Ordered to fragment the sanity of the prisoners
Of an artificial war against a country of dystopiaWith his power he banishes his followers
And sentences them to his own personal sins
He masturbates on the scriptures
That hold his kingdom together as one and lays it to shameThe fabricated God reduces man to nothing more than a pile of waste
