

Birds (LP Version)

[Adrian Belew](#)

Birds, birds everywhere I see
I wanna live like they do
I wanna be in their trees,
So heavenly Bird, birds everywhere I go
I wanna know what they know
I wanna live in harmony,
So simply Dear God, I know sometime I'm gonna die
And when I do I hope you'll give me one more try
Up in the sky with those Birds, birds everywhere I turn
Looking down there's no boundaries
Looking down there's no countries,
No misery Dear God, I know sometime I'm gonna die
And when I do I hope you'll give me one more try
Up in the sky with those Birds, birds everywhere I see
I wanna live like they do
I wanna be in their trees,
So free
