

Sleep (Live In Mexico)

My Chemical Romance

Some say now suffer all the children,
And walk away a saviour
Or a mad man and polluted
From gutted institutions
Don't you breathe for me,
Undeserving of your sympathy
'Cus their ain't no one way
That I'm sorry for what I did! And through it all,
And could you cry for me?
'Cus I don't feel bad about it,
So shut your eyes,
Kiss me goodbye And sleep,
Just sleep,
The hardest part is letting go off
Your dreams A drink, for the horror that I made,
For the good guys and the bad guys,
For the monsters that I bare
Three cheers for tyranny,
Unapologetic apathy,
'Cus their ain't no way,
That I'm coming back again And through it all,
And could you cry for me?
Cause I don't feel about it,
So shut your eyes,
Kiss me goodbye And sleep,
Just sleep,
The hardest part,
The awful things
I've seen Just sleep
Just sleep
Just sleep
Just sleep
Just sleep
Just sleep
(lie down!)
