This Love Is Over

Ray Lamontagne

Goin' out of my mind
Don't even know my own name half the time
How'd I get so blind that I couldn't see
What was right in front of me?
Wish I was wrong
I wish that you were right here lyin' in my arms
Deep down inside I got to face the truth
That you're not comin' home
This love is over
This love is over
God knows I tried
Everything I could to keep you satisfied
Bein' my baby was just a part you played
All some kind of game
Just like a child
Just like a child you got to have your way

Nothin' ventured, nothing gained
Now there's nothin' left to say
This love is over
This love is over
Baby, I know I'll get along
Sometimes you got to make it on your own
It's more than my pride that's got me all tied
Up inside, girl, it's all the lyin'
Think it's time to close the door
I don't wanna cry anymore
It's just not worth the fightin' for this love
It's over
This love is over
This love is over
This love is over
