

# So Much To Say, So Much To Give

## Chicago

So hard to be  
Free to love only you  
People starin' at me  
Try to take you away  
There's no time to delay  
We've got to live for today  
I've got so much to give  
And there is so much to say  
Night after night  
Day after day  
In spite of our words  
They all turn away
