Everything

E V E R Y T H I N G
E V E R Y T H I N G
When I'm out on the road, going from show to show
Told my homie Romeo, how much I missed you so
I don?t know how much longer it will be
I?m missing you, wantin' you and I really want to talk to you
Oh no, I left my 2-way at home, still sittin' on the charger
Oh no, my battery's dead on my cell phone and I really wanna call ya
J-Boog, let me use your phone, gotta call my baby girl back home
Let her know what she means to me, 'cause we gotta be
'Cause you're my angel, you're my heart girl
(You're my angel, you're my heart girl)
'Cause you're my everything
(You're everything I want in a woman)
Girl, you're my everything
(You're everything I need in a woman)
'Cause you're my angel, you're my heart girl
(You're my angel, you're my heart girl)
'Cause you're my everything
(You're everything I want in a woman)
Girl, you're my everything
(You're everything I need in a woman)
I got you on the phone, you sayin' you wish I was home
But then you flip the script to put me in the wrong
And you think I'm lyin' when I been tryin' all day to talk to you
Jugglin' videos and photo shoots
Baby girl, don?t think that one minute goes by
And I don?t really want to call ya
Don?t think that I'm screening my calls
Or checking my caller ID tryna dodge ya, girl
I'm trying be all I can be, a young man in this industry
You mean the world to me, you are my everything
'Cause you're my angel, you're my heart girl
(You're my angel, you're my heart girl)
'Cause you're my everything
(You're everything I want in a woman)
Girl, you're my everything
(You're everything I need in a woman)
'Cause you're my angel, you're my heart girl

(You're my angel, you're my heart girl)
'Cause you're my everything
(You're everything I want in a woman)
Girl, you're my everything
(You're everything I need in a woman)
Girl, I want you to know
That nothing will come between you and me
Girl, I want you to know
That you will always be, my everything
Baby girl, I?m missing you, can?t wait to get home so I can hold you
Pain is love when it comes to you, faithful and true is what I stay to you
You're my homie when I chill with you
Throw on some sweats with some Nike shoes
Or get sididdy for me, Louie skirt with the mini tee
See, times been hard for me, bein' on the road without my wifey
Lookin' at my watch as the time goes by
Lookin' at the skies as the day goes by
Wishin' on these days you could fly
Till the next time to be by my side
For you I ride, for you I lie
Me and you girl, Bonnie and Clyde
'Cause you're my angel, you're my heart girl
(You're my angel, you're my heart girl)
'Cause you're my everything
(You're everything I want in a woman)
Girl, you're my everything
(You're everything I need in a woman)
'Cause you're my angel, you're my heart girl
(You're my angel, you're my heart girl)
'Cause you're my everything
(You're everything I want in a woman)
Girl, you're my everything
(You're everything I need in a woman)
