Give It Up (1982)

Poison Idea

Smiling with a broken bottle as you try to prove a point,
Give it up, give it up, your life's a bunch of fuckin' shit,
Give it up, give it up, fuck your mom and spread the word,
You're a loser with a headache, you wonder what went wrong,
Give it up, give it up, laugh at life, a joke you are,
Give it up, give it up, burn in hell or rot insane.
