

# Side Of The Road

## Babyshambles

I'm half dead, I'm the third alive  
A quarter ticking over on the middle by the side of the road  
Don't get surrounded by people you hate  
They'll choke you out the house  
Down the path and out the garden gate  
Ooh, I'll ever, never, not once when we're together  
One gun punks on vogue at the side with the bands  
And the vans and the gangs and the clan  
With the monkey man high with a little girl at his side  
What is it that you're doing to me?  
Oh, I don't know, I know, I know, I know  
I know, there came a truce and tea  
Ooh, I will never, never, not chop those two together  
With wheeling dope just do it on the side  
With the bands and the fans and gangs and the clan  
With the monkey man high with a little girl at his side  
Well, I'll never, ever, now that we're together  
Waiting on the dope  
As he's queuing up inside, inside graveyard  
I'm half dead, I'm the third alive  
A quarter ticking over on the middle by the side of the road
