Sore Throat

The Color Red

Feeling what you're all about
It means nothing to me now
I'm thinking this could be the right wayHero faces in the crowd
This moves me
Making this to be the right wayGo, fall
Take it slowly
I made it for youFall away
(Cannot take the fall)
Fall away
(Backs against the wall)
Fall away
(Rise above it)
See we're almost goneFeeling what you're all about
It means nothing to me now
Making this to be the right wayGo, fall
Take it slowly
I made it for youFall away
(Cannot take the fall)
Fall away
(Backs against the wall)
Fall away
(Rise above it)
See we're almost goneAlmost
Almost
We're almost gone
Almost
Almost
AlmostFall away
(Cannot take the fall)
Fall away
(Backs against the wall)
Fall away
(Rise above it all)
See we're already gone yeah
Close it up we're gone
