The Distance

Travis

Do you remember?
Do you remember?
Do you remember?How you were gonna stay free?
But they had plans for you
And things to do
The same thing goes for meWell, well, I never
Saw it coming to me
But when I turned around to look at you
It was all that I could doTo see the distance
Everybody wants to run
And I'm no different
Feeling like the only oneIn the beginning
Everything was so close
And it seemed that everywhere you go
Everybody knowsYou don't remember
What you wanted to be
Well, they went 'round the class and you were last
The clock was fast, so no one askedTo see the distance
Everybody wants to run
And I'm no different
Feeling like the only oneWell, how long can you run?
How far and what for?
How far will you run
To get whatever you're after
Year after, year after yearWell, I've been looking
But I still can't see
How we get from A to B to C
And feel like we should beWell, I've been running
But I've been running around
Now there's nothing left for me to do
But sit around and see the viewAnd see the distance
Everybody wants to run
And I'm no different
Feeling like the only oneDo you remember?
Do you remember?
Do you remember?
