Ravers In The UK

DJ Manian

Uptown, downtown
All around the world we gonna jump now, jump now
Everybody come because we need, more, hardcore
Mayday, mayday, ravers in the UK

Uptown, downtown
All around the world we gonna jump now, jump now
Everybody come because we need, more, hardcore
Mayday, mayday, ravers in the UK

Jump, jump
Jump, jump
Jump, jump
Put your hands up in the air
Jump, jump
Jump, jump
Jump, jump
Ravers in the UK

Here comes the beat, the reggaetone move
Shake you loose while your body boom boom
Rock the lady don
Drop me baby low
Feel the bass drum shaking the room

Tell me are you ready?
You're my fantasy
Music is my energy

The rhythm is rockin' and droppin' the heat
The biggest, the bottom, the biggin', the beat

Uptown, downtown
All around the world we gonna jump now, jump now
Everybody come because we need, more, hardcore
Mayday, mayday, ravers in the UK

Uptown, downtown
All around the world we gonna jump now, jump now

Everybody come because we need, more, hardcore
Mayday, mayday, ravers in the UK

Jump, jump
Jump, jump
Jump, jump
Put your hands up in the air

Ring the alarm let the melody speak
For all the people in every country
Up, you're taking me high girl
You're making me..
Cause Mr. Lover Lover's bringing the heat

Mixing up the styling
Taking it back to the 90s
Feels a little crazy

Give it up, we just don't care
Put your hands up in the air

Uptown, downtown
All around the world we gonna jump now, jump now
Everybody come because we need, more, hardcore
Mayday, mayday, ravers in the UK

Uptown, downtown
All around the world we gonna jump now, jump now
Everybody come because we need, more, hardcore
Mayday, mayday, ravers in the UK

Jump, jump
Jump, jump
Jump, jump
Put your hands up in the air

Uptown, downtown
All around the world we gonna jump now, jump now
Everybody come because we need, more, hardcore
Mayday, mayday, ravers in the UK
