

# Long Way Home

Tom Waits

Well I stumbled in the darkness  
I'm lost and alone  
Though I said I'd go before us  
and show the way back home  
Is there a light up ahead  
I can't hold on very long  
Forgive me pretty baby but I always take the long way home

Money's just something you throw  
off the back of a train  
I got a head full of lightning  
And a hat full of rain  
And I know that I said  
I'd never do it again  
And I love you pretty baby but I always take the long way home

I put food on the table  
and a roof over our head  
But I'd trade it all tomorrow  
for the highway instead  
Watch your back, keep your eyes shut tight  
Your love's the only thing I've ever known  
But one thing's for sure pretty baby, I always take the long way home

You know I love you baby  
More than the whole wide world  
You are my woman  
You know you are my pearl  
Let's go out past the party lights  
Where we can finally be alone  
Come with me and we can take the long way home  
Come with me, together we can take the long way home  
Come with me, together we can take the long way home
