Happy Habit

Jessica Molaskey

Laughin' that's a happy habit
If you got teeth, flash the whole set
Half enough laughs is what we don't get
Don't you throw that happy habit away

Now givin' that's a happy habit
If you got dough, dig in that pot
If you ain't got don't give what you got.
Don't you throw that givin' habit away

I have lived a bit
A little bit here, a little bit there
Got good habits, got 'em to spare
And I ain't breakin' any

Lovin' that's a happy habit
If you got love, that's enough said
I ou ain't got love, brother you're dead
Don't you throw that lovin' habit away
Happy habit keeps you happy all day

Flirtin', that's a happy habit
Droppin' my eyes, raisin' my skirt
Showin' one ankle, what can that hur
I won't throw my flirtin' habit away
Happy habit keeps you happy all day

Now fussin' that's a happy habit
Love that runs smooth, gotta go bad
Fightin' don't mean you go to bed mad
Don'tyou throw that fusin' habit away

Now, I have tripped a bit
A little trip here, a little trip there
I don't mind the wear and the tear
I'm indefatigable

Plussin, that's a happy habit
Woman plus man, husband plus wife
Baby plus baby the rest of your life

Don't you throw that certain habit away
Happy habit keeps you happy all day.

Happy habit....Of course, I can on ly speak for myself.
