I Love You

Screeching Weasel

i love you and you know i always will. i want you and i love you and you know i always will. i love you, yes i do and you know i always will. i want you and i love you and you know i always will. i love you. i love you and you know i always will. i want you, i want you now. i want you and i love you and you know i always will. i want you here with me. i want you and i love you and you know i always will.
