Thinking About Things

Catch 22

I just said I love you to a girl I haven't seen since December, I remember, she was close enough to me. Now I'm growing up and throwing 'round some words to reassure, that I'll always love her, because I loved her once before. And I don't care 'cause I'm backed into a corner, and lifen's not fair, so I'm breakin' all the rules. Day by day don't walk away. "you've got a good thing going on," I tell myself it's like throw it all away or stick around. Around away with it I don't wanna stay with it. Pass it on. Be strong, hold on, not long ago and every day is the same thing, tomorrow is the same thing. I hold my head in my hand. (CHORUS) Everything that I do, everything that I say, everything that I am, everything seems so wrong. Am I dramatic or am I empathizing with myself? If it's selfish, I don't want it, but I know it too damn well to forget it. Forget it. I don't want it anymore, and I just said I love you to a girl I loved before.
