

# Take It Out on Me

## Chairlift

You're here  
Early but here  
On a morning so clear and blue  
Is fate up for debate?  
And does my love only count if its proved? Forget forgiveness, forget all the rules  
Just please don't do it here  
Bring on the fire 'cause business is cruel  
And Sophie's got somewhere to be I'm not afraid  
So take me outside  
I know what you're here to do  
Shotgun got familiar sleeves  
Undercover but nobody's fooled, no  
Got no time, no time for goodbyes  
Oh god, just let my love survive Forget forgiveness, forget all the rules  
Just please don't do it here  
Bring on the fire 'cause business is cruel  
And Sophie's got somewhere to be  
Take it out on me  
Take it out on me Forget forgiveness, forget all the rules  
Just please don't do it here  
Bring on the fire 'cause business is cruel  
Just please don't do it here  
Take it out on me  
Take it out on me Bring on the fire 'cause business is cruel  
And Sophie's got somewhere to be  
Take it out on me  
Take it out on me
