

# Damn I Wanna Be Your Lover

## En Vogue

My heart's in chains  
And still remains in a deja vu  
But first I wanna spend the night with you  
Everything you need  
Come get it from me  
Set your emotions free  
Oh, yes baby  
Come on and give in the name of love  
And let our bodies slowly touch  
Let me carry on  
Tonight let's move on Yes, I do  
Take you to be  
How about you and me?  
Damn, I wanna be your lover  
Don't refuse  
'Cuz I need you  
Damn, I wanna be your lover  
I wanna be your love, your lover, oh baby, yeah, yeah Why don't you stay?  
Desert will make you  
Call out my name  
My first and my last name  
That she is being  
All you'll ever need  
To take you higher than eyes can see  
Oh, yes baby  
Why don't you give in the name of love?  
And let our bodies become one  
'Cuz tonight I wanna give you all  
Baby, let's move on Yes, I do  
Take you to be  
How about you and me?  
Damn, I wanna be your lover  
Don't refuse  
'Cuz I need you  
Damn, I wanna be your lover  
I wanna be your love, baby, yeah, yeah I don't wanna have to compromise  
The things you make me visualize  
Intuition keeps on telling me  
These emotions need to be set free

Don't you want to give it to me?  
We'll feel the Heaven's prophecy  
Take a visit to my paradise  
We can hang around  
For the rest of our lives Yes, I do  
Take you to be  
How about you and me?  
Damn, I wanna be your lover  
Don't refuse  
'Cuz I need you  
Damn, I wanna be your lover  
I wanna be your love, I gotta be, I wanna be your love Yes, I do  
Take you to be  
How about you and me?  
Damn, I wanna be your lover  
Don't refuse  
'Cuz I need you  
Damn, I wanna be your lover Yes, I do  
Take you to be  
How about you and me?  
Damn, I wanna be your lover
