

Sea Bass

Taken By Cars

Running on this changing course
Raided closet open doors
Leaving for another flight
Separation is my guide
And I fight...And I try to say
What sense is there in this?
And you tell me
I'll find nothing
As we try
Reasons fly in this never-ending haze
Save it for a rainy day
For the kids to come and play
Walking 'round this empty night
Walking 'round to see the light
It's the light...
And I try to say
What sense is there in this?
And you tell me I'll find nothing
In this emptiness a heart that stays the same
And we're floating across through all the gamesAs we lie,
Reasons fly, in this never-ending haze
