my name is michael and im rockin the mike  
kinda psycho like a meteorite  
no microhpone, no my sharona  
no b o l o g, it aint no bologna

mmmmichael michael mo michael  
bofible fible bofical (?)  
im psycho, survival, with rifle  
depends if i used my rifle

stifle the sound  
while im lettin on grounds  
people hurrying, hurling, hurtling, hittin the ground

mic rop hone movin many  
m i k e ok say ok he capable of  
reducing the levels of devils, rebels  
with horrible trouble  
kibbles and bits in my hits  
dribbles and drips in your lips, clips  
slip, you in the dark  
skip, important parts  
forget the way the rhyme starts  
how smart

now 1 a 2 a 3 a 4 a 5 a 6 a 7 & 8  
im takin out anyone trying to break  
up on the microphone because i know they fake

a b c d e f g h i j k l m n o p  
p's for the power for takin on cowards  
who're tryin to start with the ????

Mike and I, like to rhyme  
anytime, anyday, when i recite i shine  
I smoke the kind, finally im gonna be the name you find  
all marqued? this big line  
wrapping around the corner with one california  
haiku d'etat on the sign

mike aaron & eddie  
mike, mike, mike aaron & eddie  
mike mike aaronnnnnn, aaron & eddie  
mike aaron & eddie (x4)

Life is the man with the mic in his hands  
i silence the lambs  
gettin all the guidance he can  
dont gotta lie to his fans  
I dont have to pilot the planes  
of a style in the same  
you better follow you lames  
(shangin weak link in the a???)?  
maintain free speech in our honor  
they go to rule with good karma  
hold the fool accountable  
and we was overdue to que and conquer

Penalize retharize till they see the life, realize  
think what they see in life  
cause free money aint the key to life

theres love in our existence  
is a symphony of epiphanies  
above and beyond our experiences or mysteries  
the blood of our ancestors all through history enriches me  
i channel victory  
my instincts are so defensive  
my haiku codependance  
we fight till the voter finish  
at root we soul defended  
at once cope with it  
i can honestly jazzle em  
razzle tazzle or dazzle em  
dont even think about battlin  
this could hurt you, a vicious circle sparring after gathering

mike aaron & eddie

mike, mike, mike aaron & eddie  
mike mike aaronnnnnn, aaron & eddie  
mike aaron & eddie (x4)

mike aaron & eddie im gettin ready  
better keep the party rockin steady  
hey girl you lookin pretty  
better get you nice and sweaty  
got a box of style like freddy  
break you up and back down  
let me go put the mike back down

one of yall or two of yall  
it dont really matter who you are  
when the sound come through like booyaka  
sound so good like bulleta  
like mash it up, smash it up  
peotry take over thats whats up  
Mike aaron & daddy thats whats up  
this music is our mastery  
dont tell me what it has to be  
as for me itll be catastrophe if you dont stop harrasin me  
the audacity keep on skin me about this blasphemy  
tellin me the whole worlds passin me  
but i gotta do whats in all the best interest  
even if their not interested  
still gotta get your engine tested  
manifested, destiny the best of me was development still arrested  
enemy to the public  
lock us up and lovin it  
societies menace i live so grimace  
you give him a cent and double it  
now whats the deal, whos the dealer  
i feel like this is bogus, i feel like the house is cheap  
whos the pimp? whos the mac? whos the player?  
some of you hoes aint eat  
and some of you hoes wont eat  
youll die of hunger  
im mc eddie haze her from the under

mike aaron & eddie  
mike, mike, mike aaron & eddie  
mike mike aaronnnnnn, aaron & eddie  
mike aaron & eddie (x4)
