

# Repent And Repeat

## Mayday Parade

Oh no, I think I did it once again  
And will they find me out?  
This time is different than the last  
If I can just rewind the time it takes to undo all I've chased  
I can bring it back again and through her eyes I see the light  
And oh, there's a plan for me I've seen it before  
Through the crack of an unlocked door  
Just a glimpse but I saw it still  
I couldn't tell you there's a monster for all, oh  
And please, if you don't want me to stay  
Then there's nothing left to say  
I promise I'll go back again and make things right this time  
And if you believe in me, then stand and fight  
Stay a while, try to analyze my brain  
Describing all the quotes you say  
Will help forget mistakes I've made  
I could bring it back again and through her eyes I see the light  
And oh, there's a plan for me I've seen it before  
Through the crack of an unlocked door  
Just a glimpse but I saw it still  
I couldn't tell you there's a monster for all  
And please, if you don't want me to stay  
Then there's nothing left to say  
I promise I'll go back again and make things right this time  
And if you believe in me, then stand and  
Find a way, make it through okay  
All your happy days are gone  
And all I'm saying is  
You're not ready, you're not ready  
Oh, there's a plan for me I've seen it before  
Through the crack of an unlocked door  
Just a glimpse but I saw it yeah  
I couldn't tell you there's a monster for all, oh  
And please, if you don't want me to stay  
Then there's nothing left to say  
I promise I'll go back again and make things right this time  
And if you believe in me, then stand and fight
