

Live Life Loud

HammerFall

Many times this story been told
A legendary tale, a fable, brave and bold
Now your blood begins to boil
Turn the crank of all the toil
Raise your fist and yell, born again
Live Life Loud
Live Life Loud
Caught up in a maze nowhere to go
Suppressed by powers endless deep of pain and woe
Come on break your inner chains
Feel the power in your veins
Raise your fist and yell, born again
Live Life Loud
Live Life Loud
Live Life Loud
Now your blood begins to boil
Turn the crank of all the toil
Raise your fist cry out loud, born again
Live Life Loud
Live Life Loud
Live Life Loud
Live Life Loud
Live Life Loud
Live Life Loud
