

Bad Habits

The Last Shadow Puppets

[Miles Kane]
Bad habits
Sick puppy
Thigh high
Knee deep Do you wanna hold hands?
Should we go back down?
She wanna slow dance? [Miles Kane & Alex Turner]
Should've known, little girl that you'd do me wrong
Should've known by the way you were showing off [Miles Kane]
Bad habits
Bad habits Deep trouble
Red lollipop
Pale faces
Oh right
Delicious Do you wanna hold hands?
Should we get back down?
She wanna slow dance? Bad habits
Bad habits [Alex Turner]
There's a black infinity parked outside blocking somebody in [Miles Kane & Alex Turner]
Should've known, little girl that you'd do me wrong
Should've known by the way you were showing off [Miles Kane]
Bad habits
Bad habits
