

The Plan

DMA's

[Verse 1]

I think I heard it coming

I think you left it behind

I had a ticket on the moment

How could you leave me in my mind

You keep your cool in the morning

I think it's better than the plan inside me

Yeah inside me[Chorus 1]

I wanna feel the one who hopes behind a breeze

But you're breaking out

Yeah you're breaking out

To find me, yeah to find me[Verse 2]

You never heard me coming

I had a ticket on my mind

You want to think that you're bigger

You know you're bigger than the time behind me

Yeah behind me[Chorus 2]

I wanna feel the one who hopes behind a breeze

But you're breaking out

Yeah you're breaking out

Keep your cool in the morning

It's bigger than the plan

And you never cared what's in my head

To find me[Chorus 3]

I wanna feel the one who hopes behind a breeze

But you're breaking out

Yeah you're breaking out

Keep your cool in the morning

It's bigger than the plan

And you never cared what's in my head

Inside me, yeah inside me[Outro]

Yeah I know that you want it to be
