

# Left For Dead

## Enos

    Been left for dead  
    I know it's in the back of your head  
    Been left for dead  
    Sister you're better than that  
    Been sold downstream  
    Sold down river to the cousin of the king  
    Been left for dead  
    Sister you're better than that  
    A e i o u

    A e i o u  
    A e i o u  
    Gonna beat him instead  
    Beat all the odds that you got up ahead  
    You gonna beat him instead  
    Cause sister you better than that  
    A e i o u  
    A e i o u  
    A e i o u
