

# Come On Over (Turn Me On)

Isobel Campbell & Mark Lanegan

like a thief, crawling through the night  
like a drunk, brawling in a fight  
how should I know what is right from wrong  
come on over, turn me on  
sunday best, you're my favourite suit  
you make the team  
you're no substitute  
I know baby, I am your favourite song  
listen up and  
come on over, turn me on  
is it any wonder  
is it any wonder  
how I lay awake all night  
is it any wonder  
hoping some soon I'll see the light  
tell me baby,  
tell me pretty lies  
see the spider,  
been out catching flies  
will you leave me, I know it  
won't be long before you  
come on over, turn me on  
is it any wonder  
is it any wonder  
how i lay awake all night  
is it any wonder  
hoping someday soon I'll see the light  
like a blind man,  
driving at the wheel  
like a hound dog  
scratching out a meal  
You and I both know where  
you belong  
come on over turn me on
