

Up All Night

Kids in Glass Houses

You wear me down, 'til I don't feel too bright
But I'm weary now 'cause I can't get you off my mind
Take me down to widow's paradise
Turn me around, and close my eyes and count to five
Watching flowers grow, watch 'em grow while we're
kissing
Goodbye to all the days we didn't know that we'd miss then
Watching flowers grow while we're waiting for something else
I just wanna feel you in my heart
When everything around me falls apart
I just wanna feel you in my heart
My home, from home
When I'm up, when I'm up, when I'm up all night
Up, when I'm up, when I'm up all night
Break common ground and dig your shovel deep,
And if it's gold you've found beneath the dirt it's yours to keep.
Watching flowers grow, watch 'em grow while we're kissing
Goodbye to all the days we didn't know that we'd miss then
Watching flowers grow while we're waiting for something else
I just wanna feel you in my heart
When everything around me falls apart
I just wanna feel you in my heart
My home, from home
When I'm up, when I'm up, when I'm up all night
Up, when I'm up, when I'm up all night
When I'm up, when I'm up, when I'm up all night
Up, when I'm up, when I'm up all night
So lay me down but never leave my side
I'm so weary now and I can't get you off my mind
I just wanna feel you in my heart
When everything around me falls apart
I just wanna feel you in my heart
My home, from home
When I'm up, when I'm up, when I'm up all night
Up, when I'm up, when I'm up all night
When I'm up, when I'm up, when I'm up all night
E A E Up, when I'm up, when I'm up all night
