

Maria (shut Up And Kiss Me)

Willie Nelson

That's my favorite part, to rewind my life on.
When my world got dark, and you turned my light on,
I watched it for hours again and again in my head.
I did.
I see I was down on you, more than I needed to be.
I'd say I'm sorry but then you'd think I'm lyin'

Maria, shut up and kiss me
Stop shakin', stand up and hold me.
I bet you're gonna miss me.
You need me. Believe me.

Maria, shut up and kiss me
You're crazy and it turns me on and on,
The way you're carryin' on.

That's my favorite shirt, you always had on.
Man, it sure looked good, ev'ry time you walked on.
You're takin' the wind from me every chance that you could.
You're good.
Somethin' I can't explain.
You tell me lately I've changed.
If you feel better tell me why are you cryin'?

Maria, shut up and kiss me
Stop shakin', stand up and hold me.
I bet you're gonna miss me.
You need me. Believe me.

Maria, shut up and kiss me
You're crazy and it turns me on and on,
The way you're carryin' on.

Maria, Maria, can't we talk it over instead?
Let's call it even and leave it alone.
Come to bed.

Maria, stop leavin' your teasin' is beatin' me down.
Maria just calm down
In these situations I've found it's best to not be proud

And say that you're sorry.

Maria, shut up and kiss me
Stop shakin', stand up and hold me.
I bet you're gonna miss me.
You need me. Believe me.

Maria, shut up and kiss me
You're crazy and it turns me on and on,
You're crazy and it turns me on and on,
The way you're carryin' on.

And it turns me on and on,
And it turns me on and on,
And it turns me on and on,
And it turns me on and on.
And it turns me on and on.
And it turns me on and on.
And it turns me on and on.
